

## About ICCMEH 2015

### 2nd International Conference on Computational Methods in Engineering and Health Sciences (ICCMEH 2015)

December 19-20, 2015, Malaysia

#### Main Organizer

Department of Aerospace Engineering  
Universiti Putra Malaysia (UPM), Malaysia

#### Co-organizers

Manipal Institute of Technology (MIT), India  
Kyushu Institute of Technology (KIT), Japan

The 1st International Conference on Computational Methods in Engineering and Health Sciences (ICCMECH 2014) was held at Manipal University, India, in December 2014. The second conference (ICCMECH 2015) was held at Universiti Putra Malaysia (UPM), Malaysia, on 19-20 December 2015, jointly hosted by Manipal Institute of Technology (MIT), India and Kyushu Institute of Technology (KIT), Japan. This conference provides a platform for scientists, engineers and technologists to present and share their latest research contributions and applications in the field of simulation technology and bio-medical engineering. The organising committee of ICCMEH 2015 comprised the academic staff of Aerospace Engineering Department of UPM, and representatives from MIT and KIT. Out of a total of 120 abstracts received, the conference attracted 80 participants and audience from countries such as Malaysia, India, Japan, UK, USA, Denmark, Singapore, Thailand etc. Prof Ng Yin Kwee, Eddie of Nanyang Technological University (Singapore), Prof. Mohd. Zulfly Abdullah of Universiti Sains Malaysia (Malaysia), Prof. Hiroshi Yamada of Kyushu Institute Technology (Japan) and Dr. Shyam Vasudeva Rao of Forus Health Pvt Ltd (India) delivered the keynote addresses. The latest technological advances were shared through a series of keynote

lectures and parallel presentations. The theme of ICCMECH 2015 has covered several analytical and numerical techniques, and novel applications of computational techniques to solve problems in engineering, health sciences, and other computational disciplines. The next conference (ICCMEH 2016) is scheduled for 17 to 19 December 2016 and will be hosted by Kyushu Institute of Technology, Japan.

## ICCMEH 2015 TEAM

### Chairpersons

Assoc. Prof. Dr. Kamarul Arifin Bin Ahmad, UPM Malaysia

Prof. Raghuvir Pai, KIT Japan

Prof. Masaaki Yoshida, MIT India

### Convenor & Treasurer

Dr. Mohammed Zuber, UPM Malaysia

### Secretaries

Dr. Abdul Khader, MIT India

Assoc. Prof. Dr. Satoshi Likubo, KIT Japan

### Committee Members

Prof. Madya Dr. Azmin Shakrine Mohd Rafie, UPM Malaysia

Dr. Tariq Hameed Mohamed Sultan, UPM Malaysia

Dr. Mohamad Ridzwan Ishak, UPM Malaysia

Dr. Norkhairunnisa Mazlan, UPM Malaysia
